What makes Chairman's Reserve Taste Better?

There's USDA Choice beef - and then there's the best of USDA Choice graded beef. Chairman's Reserve accepts only the top tier of Choice beef that meets its strict requirements of indicators for tenderness, and perfect marbling for richer heartier beef flavor.

Exclusively Al's!

What makes Miller Chicken Taste Better?

Besides all natural feed, Miller's fresh - never frozen - chicken has never had antibiotics, growth hormones or artificial ANYTHING added to it. It's fresh, natural food that the Chicago Tribune described as having "more chicken flavor" and a "sense of richness."
