

- Great Tasting -
- All Natural -
- Locally Raised -
- Raised Without Antibiotics -

AL's is proud to feature Miller Poultry -
Soon to carry the Project
Verified Non-GMO label

The Non-GMO Project is a mission-driven nonprofit organization offering a third-party non-GMO verification program to the standard consumers expect. An independent study by Consumer Reports found the Non-GMO Project Verified seal to be the only "highly meaningful" label for consumers looking to avoid GMOs. And you'll soon be seeing it on the Miller Chicken items in our meat cases!
